

DIYAA Final Maths Speaking Curriculum Content (Nursery to Grade 5)

This updated Maths speaking curriculum includes counting 1–50, mental maths, operator-based questions (+, -, ×, ÷, %, =), image identification, rapid-fire calculations, and spoken-answer gameplay. Every level now contains at least 5 questions.

Nursery - Maths Speaking Levels

Level 1 - Counting 1-50

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Say the number: 1	One
Say the number: 5	Five
Say the number: 10	Ten
Say the number: 25	Twenty Five
Say the number: 50	Fifty

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Shape Recognition

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed

- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What shape is this?	Circle
What shape is this?	Triangle
What shape is this?	Square
What shape is this?	Star
What shape is this?	Oval

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Mental Maths

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What comes after 4?	Five
What comes before 8?	Seven
What is 2 + 1?	Three
What is 5 - 2?	Three
What is 3 + 3?	Six

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)

- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

KG - Maths Speaking Levels

Level 1 - Counting and Numbers

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Say the number: 12	Twelve
Say the number: 18	Eighteen
Say the number: 35	Thirty Five
Say the number: 42	Forty Two
Say the number: 50	Fifty

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Operators

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $2 + 2$?	Four
What is $5 - 1$?	Four
What is 3×2 ?	Six

What is $8 \div 2$?	Four
What is $10 \% 5$?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Fast Maths

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, $\times$, $\div$, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What comes next? 2, 4, 6	Eight
What is $7 + 1$?	Eight
What is $9 - 4$?	Five
What is 2×5 ?	Ten
What is $12 \div 3$?	Four

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Grade 1 - Maths Speaking Levels

Level 1 - Addition and Subtraction

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is 5 + 3?	Eight
What is 9 - 4?	Five
What is 10 + 5?	Fifteen
What is 20 - 10?	Ten
What is 7 + 2?	Nine

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Multiplication and Division

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is 2 × 3?	Six
What is 12 ÷ 4?	Three
What is 5 × 2?	Ten

What is $16 \div 2$?	Eight
What is 3×4 ?	Twelve

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Mental Maths Challenge

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, $\times$, $\div$, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $15 + 5$?	Twenty
What is $25 - 10$?	Fifteen
What is 8×2 ?	Sixteen
What is $18 \div 3$?	Six
What is 100 % 50?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Grade 2 - Maths Speaking Levels

Level 1 - Place Value

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is the tens digit in 54?	Five
What is the ones digit in 89?	Nine
What is the place value of 3 in 34?	Thirty
What is the tens digit in 72?	Seven
What is the place value of 5 in 58?	Fifty

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Operators Practice

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $25 + 15$?	Forty
What is $50 - 20$?	Thirty
What is 6×5 ?	Thirty

What is $40 \div 5$?	Eight
What is $20 \% 10$?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Fast Answer Challenge

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, $\times$, $\div$, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $100 - 50$?	Fifty
What is 12×2 ?	Twenty Four
What is $81 \div 9$?	Nine
What is $14 + 6$?	Twenty
What is $33 - 3$?	Thirty

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Grade 3 - Maths Speaking Levels

Level 1 - Fractions

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Say the fraction $\frac{1}{2}$	One Half
Say the fraction $\frac{1}{4}$	One Fourth
Say the fraction $\frac{3}{4}$	Three Fourths
Which fraction is bigger: $\frac{1}{2}$ or $\frac{1}{4}$?	One Half
What is half of 10?	Five

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Measurements

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Which unit measures length?	Meter
Which unit measures weight?	Kilogram
Which unit measures liquid?	Liter

What tool measures time?	Clock
What tool measures length?	Ruler

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Mental Maths

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is 25 + 25?	Fifty
What is 90 - 45?	Forty Five
What is 9 × 9?	Eighty One
What is 64 ÷ 8?	Eight
What is 50 % 25?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Grade 4 - Maths Speaking Levels

Level 1 - Decimals

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Say the decimal 0.5	Zero Point Five
Say the decimal 0.9	Zero Point Nine
Which decimal is greater: 0.2 or 0.8?	Zero Point Eight
Say the decimal 1.5	One Point Five
Say the decimal 2.0	Two Point Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Geometry

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
How many sides does a triangle have?	Three
How many sides does a square have?	Four
What shape has no corners?	Circle

What shape has 4 equal sides?	Square
What shape has 3 sides?	Triangle

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Rapid Maths

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $120 + 30$?	One Fifty
What is $200 - 75$?	One Twenty Five
What is 25×4 ?	One Hundred
What is $144 \div 12$?	Twelve
What is $100 \% 25$?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Grade 5 - Maths Speaking Levels

Level 1 - Factors and Multiples

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
Say a factor of 12.	Three
Say a multiple of 5.	Fifteen
What are the factors of 10?	Two and Five
Say a multiple of 8.	Sixteen
Say a factor of 20.	Four

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, ×, ÷, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 2 - Advanced Operators

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, ×, ÷, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is $125 + 25$?	One Fifty
What is $500 - 250$?	Two Fifty
What is 12×12 ?	One Forty Four

What is $144 \div 12$?	Twelve
What is 50 % 10?	Zero

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled

Level 3 - Fast Mental Maths

Gameplay Flow:

Narration question appears → microphone activates → student speaks answer → speech recognition checks correctness → correct.mp3 or wrong.mp3 plays.

Maths Gameplay Focus:

- Mental maths speed
- Fast calculations
- Number fluency
- Operator recognition (+, -, $\times$, $\div$, %, =)
- Rapid-fire maths challenge

Prompt / Narration	Expected Spoken Answer
What is half of 100?	Fifty
What is double of 25?	Fifty
What is $99 + 1$?	One Hundred
What is $1000 - 1$?	Nine Ninety Nine
What is 11×11 ?	One Twenty One

DIYAA Maths Speaking Rules:

- Microphone auto activates
- PK-English narration voice
- Speech recognition enabled
- Mental maths focus enabled
- Fast-answer gameplay enabled
- Operators included (+, -, $\times$, $\div$, %, =)
- correct.mp3 and wrong.mp3 enabled
- Reward stars and lives system enabled
