

DIYAA Science Speaking Curriculum Content (Grade 1 to Grade 5)

This document contains production-ready Science speaking game content for DIYAA. Speaking levels progress from beginner vocabulary speaking to advanced explanation, sentence speaking, and story speaking. PNG assets are only required for image-identification levels. Advanced speaking levels include AI grammar correction and extended microphone listening.

Grade 1 - Science Speaking Levels

Level 1 - Speak Body Parts

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the body part: Eyes	Eyes
Say the body part: Hands	Hands
Say the body part: Legs	Legs

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 2 - Living Things Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the living thing name: Plant	Plant
Say the animal name: Cat	Cat
Say the plant name: Flower	Flower

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support

- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 3 - Image Identification

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
What is this body part?	eyes.png	Eyes
What animal is this?	dog.png	Dog
What plant is this?	flower.png	Flower

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 4 - Weather Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the weather type: Sunny	Sunny
Say the weather type: Rainy	Rainy
Say the weather type: Windy	Windy

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Grade 2 - Science Speaking Levels

Level 1 - Five Senses

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the sense used for hearing.	Hearing
Say the body part used for smelling.	Nose
Say the sense used for tasting.	Taste

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 2 - Plants and Water

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say what plants need to grow.	Water
Say the part of plant: Leaf	Leaf
Say the word: Seed	Seed

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 3 - Image Identification

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
What is this?	tree.png	Tree
Identify this plant part.	leaf.png	Leaf
What material is this?	wood.png	Wood

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 4 - Sentence Speaking**Gameplay Flow:**

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Expected Spoken Answer
Speak one sentence about water.	Water is important for life.
Speak one sentence about plants.	Plants need sunlight and water.
Speak one sentence about weather.	Rainy weather brings water.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

Grade 3 - Science Speaking Levels

Level 1 - States of Matter

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the state of matter: Solid	Solid
Say the state of matter: Liquid	Liquid
Say the state of matter: Gas	Gas

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 2 - Animals

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the herbivore animal name.	Cow
Say the carnivore animal name.	Tiger
Say the water animal name.	Fish

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 3 - Image Identification

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
What state of matter is this?	ice.png	Solid
Identify the animal.	lion.png	Lion
What is this source of light?	sun.png	Sun

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 4 - Explain the Picture**Gameplay Flow:**

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
Describe the weather in the picture.	rainy_weather.png	It is raining heavily.
Explain the clean environment picture.	clean_park.png	People are cleaning the park.
Describe the healthy food picture.	healthy_food.png	Healthy food keeps us strong.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

Grade 4 - Science Speaking Levels

Level 1 - Human Body Organs

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the organ that pumps blood.	Heart
Say the organ used for breathing.	Lungs
Say the digestion organ name.	Stomach

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 2 - Energy Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the source of light energy.	Sun
Say the source of heat energy.	Fire
Say the electrical device name.	Bulb

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 3 - Image Identification

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
Identify this planet.	earth.png	Earth
What organ is this?	heart.png	Heart
What energy source is this?	sun.png	Sun

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 4 - Sentence Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Expected Spoken Answer
Speak a sentence about the solar system.	Earth moves around the Sun.
Speak a sentence about healthy eating.	Healthy food gives us energy.
Speak a sentence about the environment.	We should keep our environment clean.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

Level 5 - Story Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Expected Spoken Answer
Tell a short story about saving water.	We should save water to protect nature.
Speak about the importance of exercise.	Exercise keeps our body healthy.
Tell a short story about day and night.	Earth rotation causes day and night.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

Grade 5 - Science Speaking Levels

Level 1 - Microorganisms

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the microorganism name: Bacteria	Bacteria
Say the microorganism name: Virus	Virus
Say the microorganism name: Fungi	Fungi

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 2 - Electricity and Magnetism

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Expected Spoken Answer
Say the electrical component name.	Battery
Say the conductor material.	Metal
Say the magnetic object.	Magnet

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 3 - Image Identification

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Prompt / Narration	Required PNG Asset	Expected Spoken Answer
What is this microorganism?	bacteria.png	Bacteria
Identify this planet.	mars.png	Mars
What is this science object?	magnet.png	Magnet

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained

Level 4 - Advanced Sentence Speaking**Gameplay Flow:**

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Expected Spoken Answer
Speak one sentence about electricity.	Electricity powers machines.
Speak one sentence about ecosystems.	Plants and animals depend on each other.
Speak one sentence about sound pollution.	Noise pollution harms health.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

Level 5 - Science Story Speaking

Gameplay Flow:

Narration or image appears → microphone activates → student speaks answer → speech recognition checks pronunciation and correctness → correct.mp3 or wrong.mp3 plays.

Advanced Speaking Features:

- Long microphone listening duration enabled.
- AI semantic understanding enabled.
- Grammar correction system enabled.
- Student can speak freely without exact sentence matching.
- AI improves spoken sentence and displays corrected version.

Prompt / Narration	Expected Spoken Answer
Explain the importance of satellites.	Satellites help communication and weather forecasting.
Tell a short story about the Earth.	Earth supports life with water and air.
Speak about technology in daily life.	Technology helps people work faster.

DIYAA Speaking Rules:

- Microphone auto activates
- PK-English voice support
- Speech recognition enabled
- correct.mp3 on correct answer
- wrong.mp3 on incorrect answer
- Heart/lives system enabled
- Reward stars and coins enabled
- Beginner to advanced progression maintained
- Long microphone listening limit
- AI semantic evaluation enabled
- Grammar correction system enabled
- Correct sentence feedback displayed

MASTER PNG ASSET LIST REQUIRED

PNG assets are required ONLY for image-identification and image-description levels. Add the following PNGs into the speaking assets folder.

- bacteria.png
- clean_park.png
- dog.png
- earth.png
- eyes.png
- flower.png
- healthy_food.png
- heart.png
- ice.png
- leaf.png
- lion.png
- magnet.png
- mars.png
- rainy_weather.png
- sun.png
- tree.png
- wood.png
