

DIYAA Computer Writing Curriculum Content (Grade 1 to Grade 5)

This document contains production-ready Computer writing game curriculum content for DIYAA. Computer writing gameplay uses keyboard-input activities from Grade 1 to Grade 5. Levels include typing practice, computer vocabulary, device recognition, software knowledge, keyboard skills, cyber safety, and rapid computer writing challenges.

Grade 1 - Computer Writing Levels

Level 1 - Computer Vocabulary Typing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type the word: Computer
Type the word: Monitor
Type the word: Mouse
Type the word: Keyboard
Type the word: CPU

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 2 - Missing Letters

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition

- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Complete word: C_MP_TER
Complete word: MON_TOR
Complete word: KEYBO_RD
Complete word: MO_SE
Complete word: PR_NTER

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 3 - Device Recognition Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type the device used for typing
Type the device used for clicking
Type the device used for display
Type the brain of computer
Type the device used for sound

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Grade 2 - Computer Writing Levels

Level 1 - Keyboard Practice

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type alphabet keys
Type number keys
Type Enter key
Type Spacebar key
Type Backspace key

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 2 - Computer Actions

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type action: Double Click
Type action: Drag and Drop
Type action: Right Click
Type action: Scroll

Type action: Single Click

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 3 - Fill in the Blanks

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Fill blank: Mouse is a ____ device.
Fill blank: Keyboard is used for ____.
Fill blank: Monitor shows ____.
Fill blank: CPU is the ____ of computer.
Fill blank: Printer prints on ____.

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Grade 3 - Computer Writing Levels

Level 1 - Computer Uses

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type one use of computer in school
Type one use of computer in hospital
Type one use of computer in bank
Type one use of computer in office
Type one use of computer in shops

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 2 - MS Paint Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type tool used for drawing
Type tool used for coloring
Type tool used for erasing
Type tool used for shapes

Type tool used for brush painting

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 3 - Rearrange Words

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Rearrange: is / smart / computer / machine / a
Rearrange: typing / used / keyboard / for / is
Rearrange: monitor / output / an / device / is
Rearrange: mouse / pointer / controls / the
Rearrange: printer / paper / on / prints

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Grade 4 - Computer Writing Levels

Level 1 - Input and Output Devices

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type one input device
Type one output device
Type device used for printing
Type device used for scanning
Type device used for sound

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 2 - Windows Basics

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type the main screen name
Type the bar at bottom of screen
Type small picture opening apps
Type place storing files

Type button opening start menu

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 3 - Programming Logic

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type command moving turtle forward
Type command turning turtle left
Type command turning turtle right
Type meaning of programming
Type what programming follows

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Grade 5 - Computer Writing Levels

Level 1 - MS Word and Excel

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type software used for documents
Type software using formulas
Type formula adding numbers
Type formula finding average
Type software creating presentations

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 2 - Cyber Safety

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type safe password rule
Type one internet safety rule
Type who to ask before downloading
Type what should not be shared online

Type why passwords are important

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 3 - Advanced Computer Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Type meaning of storage
Type use of RAM
Type operating system name
Type internet connection method
Type block programming software

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression

Level 4 - Rapid Typing Challenge

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Computer Writing Features:

- Keyboard typing gameplay
- Computer vocabulary typing
- Device and software recognition
- Rapid typing challenges
- Computer knowledge progression

Writing Activity / Question
Quickly type: Keyboard
Quickly type: PowerPoint
Quickly type: Internet
Quickly type: Programming
Quickly type: Technology

DIYAA Computer Writing Rules:

- Keyboard typing gameplay enabled
- Computer vocabulary progression enabled
- Rapid typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based computer writing progression
