

DIYAA Science Writing Curriculum Content (Grade 1 to Grade 5)

This document contains production-ready Science writing game curriculum content for DIYAA. Science writing gameplay uses keyboard-input activities from Grade 1 to Grade 5. Levels include science vocabulary, labeling, fill-in-the-blanks, sentence correction, rapid science typing, and concept-based writing gameplay.

Grade 1 - Science Writing Levels

Level 1 - Body Parts Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type the body part used for seeing
Type the body part used for hearing
Type the body part used for walking
Type the body part used for smelling
Type the body part used for eating

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 2 - Living Things

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding

- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one living thing
Type one plant name
Type one animal name
Type one bird name
Type one water animal

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 3 - Weather Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type rainy weather
Type sunny weather
Type cloudy weather
Type windy weather
Type cold weather

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Grade 2 - Science Writing Levels

Level 1 - Five Senses

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type the sense used for hearing
Type the sense used for tasting
Type the sense used for touching
Type the sense used for seeing
Type the sense used for smelling

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 2 - Plants Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one part of a plant
Type what plants need to grow
Type the green part of plant
Type the underground part of plant

Type what gives sunlight

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 3 - Materials

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one object made of wood
Type one metal object
Type one plastic object
Type one soft material
Type one hard material

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Grade 3 - Science Writing Levels

Level 1 - States of Matter

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one solid object
Type one liquid object
Type one gas
Type the state of ice
Type the state of steam

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 2 - Animals

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one herbivore animal
Type one carnivore animal
Type one omnivore animal
Type one water animal

Type one flying animal

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 3 - Environment Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one way to keep environment clean
Type one pollution-free activity
Type one recyclable material
Type one healthy habit
Type one way to save water

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Grade 4 - Science Writing Levels

Level 1 - Human Body

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type the organ that pumps blood
Type the organ used for breathing
Type the organ used for digestion
Type the organ used for thinking
Type the organ used for seeing

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 2 - Energy Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one source of light energy
Type one source of heat energy
Type one electrical device
Type one renewable energy source

Type one non-renewable energy source

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 3 - Solar System

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type the planet we live on
Type the star in our solar system
Type Earth's natural satellite
Type the closest planet to Sun
Type the largest planet

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Grade 5 - Science Writing Levels

Level 1 - Microorganisms

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one microorganism
Type one fungus
Type one bacteria
Type one virus
Type one useful microorganism

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 2 - Electricity Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type one conductor material
Type one insulator material
Type one electrical component
Type one source of electricity

Type one magnetic object

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 3 - Earth and Space

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Type what causes day and night
Type one planet closest to Sun
Type one artificial satellite
Type one natural satellite
Type one use of satellites

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression

Level 4 - Rapid Science Writing

Gameplay Flow:

Instruction appears → student types answer using keyboard → system checks correctness → correct.mp3 or wrong.mp3 plays.

Science Writing Features:

- Keyboard typing gameplay
- Science vocabulary progression
- Science concept understanding
- Rapid science typing challenges
- Curriculum-based science writing gameplay

Writing Activity / Question
Quickly type one source of energy
Quickly type one healthy habit
Quickly type one renewable resource
Quickly type one science tool
Quickly type one planet name

DIYAA Science Writing Rules:

- Keyboard input gameplay enabled
- Science vocabulary progression enabled
- Rapid science typing system enabled
- correct.mp3 and wrong.mp3 feedback
- Reward stars and lives system enabled
- Curriculum-based science writing progression
